

Guidelines for Urban Mapping

1. All facilities (excluding DH and Medical College) of the towns/cities having more than 50,000 populations should be mapped as "urban" on HMIS Portal.
2. It is mandatory to mention name of town /city in HMIS facility master
3. It is advisable not to create any notional urban facility.
4. When a facility is marked as urban please mention whether it is serving slum population or not.
5. Population of concerned city /town column should not be left blank (Please refer to [attached document](#) for list of cities along with their population)
